

Judge Hartfield

1:17cr153-8

I want to Thank you for taking the time to read this letter with hopes that you may help me with an issue that I previously encountered. I was assaulted by 6 individuals on 7-25-18 during my incarceration. The correction officers had taken me to medical and taking several pictures. The medical staff issued me tylenol twice a day for three days. The assault had disabled my back really bad. I had requested to press charges but I can't seem to get any help in doing so. I'm unable to lift anything or put stress on my back and my neck. I was told only the marshalls can help but I don't understand that if LaSalle staff refuses to help. I'm asking for your help please Judge. Also, want to bring to your attention that the name on my indictment is wrong.

my name is Alex Cesar Alonso NOT Alexander Alonso Mascare. If the government going to indict me, they should use my name correctly. It's causing me problems on the outside because I send my employers, business, etc and the name is wrong makes those people think I'm not incarcerated. I have a sick son that needs medical help and need proof I'm here so my wife may receive the help my family needs. Again, I thank you for taking the time to read my letter and hope to resolve these issues.
